Please find below and/or attached an Office communication concerning this application or proceeding.

Notice of Non-responsive Election

The reply filed on October 29, 2002 (Paper No. 16) is not fully responsive to the prior Office Action because of the following omission(s) or matter(s): Applicant's response to the restriction requirement mailed 8-05-02 is non-responsive. Applicant's elected Group 308, claims 37-41, and 47-48 drawn to **isolated polypeptides**. Applicant's further elected to search the sequences corresponding to "SEQ ID NO:2". However, SEQ ID NO:2 comprises nucleic acids-not polypeptides. Therefore, the response to the restriction requirement is inadvertently non-responsive. Applicant should send a new response identifying the appropriate SEQ ID NO: corresponding to the isolated polypeptide. See 37 CFR 1.111. Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. **EXTENSIONS OF THIS TIME PERIOD** (the time period which began on 08-05-02) **MAY BE GRANTED UNDER 37 CFR 1.136(a)**.

In no case may an applicant reply outside the **SIX (6) MONTH** statutory period or obtain an extension for more than **FIVE (5) MONTHS** beyond the date for reply set forth in an Office action. A fully responsive reply must be timely filed to avoid abandonment of this application.
